HISTORY OF SARASOTA

Then and Now

The first Scottish settlers in 1885 found Sarasota drastically different from today's picturesque bay city. Harsh conditions, including a lack of amenities, prompted many to leave. **John Hamilton Gillespie**, representing the Florida Mortgage and Investment Company, transformed the town with hotels, shops, and a railroad, earning him the title "Father of Sarasota."

Wealthy figures like Owen Burns and Bertha Palmer, along with the Ringling brothers, further shaped the area. Sarasota evolved into Circus City USA, hosting the renowned **Ringling Brothers and Barnum Bailey Circus**.

The 1920s-1960s marked Sarasota's emergence as an arts colony, attracting writers like John D. MacDonald and visual artists like Syd Solomon. The Sarasota School of Architecture, led by Paul Rudolph, embraced mid-century modern design. The city boasts numerous cultural organizations, including the **Ringling Museum of Art and Asolo Theater**.

Main Street bustles with shops and the historic Gator Club, while St. Armand's Circle offers diverse experiences. Pinecraft, a short drive away, welcomes Amish and Mennonite families during winter. Natural beauty thrives with accessible beaches, kayak tours, and wildlife cruises. The city's 300+ sunny days annually make outdoor activities abundant.

Pinecraft IGA Grocery

From its origins, Sarasota has grown into a hub of fine dining, arts, entertainment, and luxury amenities, inviting exploration. Discover Sarasota Tours, with daily options, cater to varied interests, including city sightseeing, history, the circus, neighborhoods, the Amish, the arts, architecture, and more. For those preferring self-guided exploration, a guide map is provided to locate historic neighborhoods and points of interest. **Welcome to paradise- we encourage you to experience everything we have to offer!**
